presents

junior masterchef

COOKING
WORKSHOP

Looking for fun summer activities your kids will remember for years to come? **The Ritz-Carlton, Hong Kong** is delighted to introduce our Junior Masterchef Cooking Workshop. The program will take kids on a sensory journey to discover new tastes, textures and aromas of different foods, giving them the opportunity to practice their language, motor and cognitive skills through food preparation and play. Designed and led by the Hotel's culinary experts, the hands-on, interactive cooking workshops come in several difficulty levels and various engaging themes, such as **Mamma Mia** (Italian cuisine), **Home Sweet Home** (baking and desserts), and **Wake Me Up Before School** (breakfast dishes).

The program also caters to older children and adults. The **Eat Healthy-themed workshops** focus on nutritious, vegan-friendly, and immune system boosting dishes, highlighting the importance of good nutrition and making healthy food choices.
